Odessa, ON
K0H 2H0

Dear Mr. Maddocks;

RE: Permit Application for Proposed Upgrades to Travelled Roads on Amherst Island

We are in receipt of and thank you for your correspondence of May 25, 2016 regarding the above noted subject.

CRCA staff share your concerns with the increased potential for flood risk resulting from future upgrades to the roads and associated infrastructure on Amherst Island and understand your interest in reviewing detailed drawings associated with these activities. Accordingly, staff will place the application received from Algonquin Power on hold until such time as we have received clearance from the municipality that it is satisfied with the proposed works.

Staff would appreciate the opportunity to work with the municipality and Algonquin Power in order to reach a positive outcome for all parties involved. To this end, we are hopeful that the CRCA will be circulated any relevant information as the process unfolds.

We look forward to working with you.

Yours truly,

Andrew Schmidt, C.Tech.
Development Review Manager
