**Reference: Amherst Island Wind Project – Operations Plan**

Dear Mr. Maddocks and Mr. MacPherson,

As a follow-up to your letter of January 20<sup>th</sup>, 2017, and the meeting with our team on January 31<sup>st</sup>, 2017, Windlectric Inc. is hereto providing a revision to the Operations Plan for the Amherst Island Wind Project. Along with this February 7, 2017 Revision to the Operations Plan, a quantity of (19) nineteen Schedules are also submitted.

Please note that we believe many of Loyalist Township's January 20th comments regarding the Operations Plan are now further addressed in this version of the Plan, while a significant number of other comments are addressed in the Pre-Construction Study documents.

Our Pre-Construction Study is now also complete. Prior to submitting the Pre-Construction Study for your review and public comment, we request an opportunity to review the Study with your team in an in-person meeting. Our Tim Sullivan and Ariel Bautista are working on scheduling such a meeting with your team.

As previously discussed, our goal is to keep an open line of communication between Algonquin and Loyalist Township. As discussed your Dave McPherson during our January 31<sup>st</sup> meeting, we hope to meet with staff sometime within the next week to also go through a detailed review of some of the Study and Plan content, as well as some of your January 20<sup>th</sup> items which require further clarification.

If you have any questions or require any further information please do not hesitate to contact me.

Best regards,  
Algonquin Power Co.  
(on behalf of Windlectric Inc.)

  
Homer Lensink, Senior Director – Energy Projects
