Sunday – 2:00 p.m. to 4:00 p.m.

Items Include: Used clothing, linens, shoes, small appliances or even old tools

Township residents can now recycle clothing and small household items and help divert more waste from entering our landfill sites thanks to drop boxes which have been placed by the Canadian Diabetes Association at the Violet and Amherst Island landfill sites. When residents deliver household garbage and other waste to the landfills they may now deposit their used clothing, linens, shoes, small appliances or even old tools in the drop boxes. The Canadian Diabetes Association sells all of the donations exclusively to Value Village stores to raise much needed funding to help find a cure for diabetes.

Loyalist Township is pleased to partner with the Canadian Diabetes Association by serving as a drop box host at the landfill sites. Assisting in the fight against diabetes while diverting from our landfills is a “win-win” situation for all Canadians in general and Loyalist Residents in particular.
