Transit Trip Planner

Kingston Transit, which provides Route #10 bus service in Amherstview on behalf of Loyalist Township, has recently launched a web based trip planner to assist bus riders in selecting the buses and routes which will best meet their transit needs. It requires the rider to input their start location, desired time of departure and destination. The program then searches for a trip plan which takes into account factors such as required walking distances, bus transfers if necessary and the length of time required for the trip itself. The trip planner guides the rider by describing the direction to walk, where to get on the correct route and bus, to ask for a transfer and other pertinent details. The trip planner will be particularly useful for those individuals who are new users of the Kingston Transit system or maybe regular users who need to travel via the bus to destinations unfamiliar to them. The Trip Planner can be reached via the following link: www.cityofkingston.ca/tripplanner

If you are a person with a disability and need Loyalist Township information in another format, please contact 613-386-7351 ext. 100 between 8:30 a.m. – 4:30 p.m. or e-mail info@loyalist.ca
